Meet Buji

Your Child's Personal AI Tutor — Available 24/7

SmartUp Learning Ventures Pvt. Ltd.

What is Buji?

Buji is a **Personal AI Tutor** built into SmartUp's online learning platform. Unlike generic AI chatbots, Buji **knows your child** — their strengths, weaknesses, exam scores, classroom behavior, and learning style. It's like having a brilliant, infinitely patient tutor available round the clock.

> *"An AI that never sleeps, never forgets, and gets smarter every day."*

Key Features

🎓 Personal Academic Coach

- **Solves doubts instantly** — type, speak, or photograph any question from textbook or homework
- **Step-by-step explanations** — not just answers, but the *why* behind every solution
- **Learns from mistakes** — reviews wrong answers from exams and teaches the right approach
- **Curriculum-aligned** — CBSE, ICSE, ISC, and State Board syllabi built in
- **All subjects covered** — Maths, Physics, Chemistry, Biology, English, Hindi, Social Science

📊 Smart Performance Tracking

- **Knows every exam result** — question-level analysis of what went right and wrong
- **Tracks strengths & weaknesses** — "You're great at Trigonometry but need practice in Probability"
- **Detects trends** — "Your Chemistry scores improved 15% over the last 3 exams!"
- **Attention insights** — uses AI classroom monitoring to identify focus patterns

📅 Personalised Study Planner

- **Custom study schedules** — based on exam dates, weak subjects, and available hours
- **Revision reminders** — spaced repetition so your child never forgets what they've learned
- **Homework tracker** — "You have 2 pending assignments. Chemistry is due tomorrow."
- **Pre-class preparation** — quick refreshers before every live session

🎤 Talk, Type, or Snap — Buji Understands

- **Voice input** — speak your questions, hands-free
- **Voice responses** — Buji reads answers aloud for revision on the go
- **Photo questions** — snap a photo of any problem — handwritten, textbook, or whiteboard
- **PDF analysis** — upload study material and get instant summaries and practice questions

🔔 Proactive — Buji Reaches Out First

- **Class reminders** — "Your Chemistry class starts in 30 minutes!"
- **Low attendance alerts** — "You've missed 3 classes this month. Let's fix this!"
- **Post-exam follow-up** — "You scored 40% on Maths. Want me to go through your wrong answers?"
- **Motivational nudges** — "You improved 12% in Chemistry this month! Keep going!"
- **Fee & credit reminders** — so nothing falls through the cracks

👪 Built for Parents Too

- **Daily updates** — "How was my child's day at SmartUp?" — one message, full picture
- **Exam results** — instant notifications with detailed breakdowns
- **Attendance tracking** — know when your child joins, misses, or is late
- **Weekly reports** — auto-generated digest covering academics, behavior, and attendance
- **Fee management** — check pending fees and make payments directly

---

How Is Buji Different?

Generic AI Chatbot	Buji — Personal AI Tutor
Same answers for everyone	Personalised to **your child's** data
Forgets everything after each chat	**Remembers** goals, struggles, and preferences
Can't teach — only answers	**Teaches step-by-step** like a real tutor
Text only	**Voice, photo, and document** support
You have to ask	**Buji reaches out** with reminders and insights
No connection to school	**Integrated with live classes**, exams, and attendance

---

The Buji Experience

```
Before Class  →  Quick topic refresher & preparation tips
During Class  →  Instant doubt resolution without leaving the session
After Class   →  Auto-generated summary of topics covered
Before Exams  →  Personalised study plan targeting weak areas
After Exams   →  Question-by-question review & coaching
Every Week    →  Performance digest for students and parents
```

Subjects & Boards Supported

Boards	Subjects
CBSE	Mathematics, Physics, Chemistry, Biology
ICSE	English, Hindi, Social Science

Boards	Subjects
ISC	All of the above
State Boards	Expanding coverage

Privacy & Safety

- **Your data stays yours** — each student and parent only sees their own information
- **No cross-student data sharing** — fully isolated personal profiles
- **Secure conversations** — encrypted and stored safely
- **Age-appropriate interactions** — designed for school students

---

What Parents Are Saying

> *"I finally know how my child is doing without having to call the teacher every week."*

> *"Buji reminded my son about his pending homework — something I used to nag about daily!"*

> *"The exam review feature is incredible. My daughter now understands where she went wrong."*

Getting Started

Buji is **built right into SmartUp**. No extra app. No setup. No quizzes to take.

The moment your child joins SmartUp, Buji already knows their subjects, batch, teachers, and schedule. It starts helping from **Day 1**.
