SMART UP ONLINE – GCC
FULL SCOPE OF OPERATIONS

Online Tuition Segment – GCC Focus

Planned Launch: 10 March 2026

---

1. ORGANIZATIONAL HIERARCHY (System Role Structure)

1. Owners (Visionary / Super Admin)
2. Sales & Marketing GM
3. Academic Operator
4. Accounts Department
5. HR Associate
6. Media Team
7. Sales Executives
8. Batch Coordinators
9. Teachers

Each role must have:

- Separate login credentials
- Role-based access permissions
- Activity tracking & audit logs
- Reporting dashboard relevant to their function

---

2. ROLE-WISE SYSTEM REQUIREMENTS

A) OWNERS (Super Admin – Full Dashboard Access)

Owners require a **Real-Time Master Dashboard** with complete monitoring authority.

1. Master Dashboard

- Real-time data visualization
- KPI monitoring
- Academic, Sales, Revenue, HR & Accounts summary

2. Student Analytics

- Category-wise Student Count:
  - One-to-One
  - One-to-Five
  - Group Batches
- Active Students
- Discontinued Students
- New Admissions (Daily / Weekly / Monthly)
- Retention Rate

3. Region-Wise Analytics (GCC Focus)

- Country-wise student count:
  - Dubai
  - Abu Dhabi
  - Qatar
  - Saudi
  - Oman
  - Kuwait
- Revenue by region
- Region-wise growth %

3. Revenue Dashboard

- Total Revenue (Monthly / Yearly)
- Expected Academic Year Revenue
- Received Revenue
- Outstanding / Balance Fees
- Monthly Revenue Growth Graph
- Batch-wise Revenue
- Teacher-wise Revenue Contribution
- Profit & Loss (Overall Online Segment)
- Profit & Loss (Batch-wise)

4. Staff Monitoring

- Total Teachers Count
- Teacher-Student Ratio
- Teacher-Class Ratio
- Class Allocation Status
- Performance Leader board (based on performance metrics)
- Staff Performance Rating System
- Attendance of staff
- Salary Allocation Summary
- Student Feedback Score

5. Sales Dashboard

- Total Leads Received
- Converted Leads
- Pending Leads
- Conversion Rate %
- Sales Target vs Achievement
- Region-wise Sales Performance
- Executive-wise Performance

6. Class & Academic Control

- Authority to assign teachers to Classes
- Authority to approve batch creation
- Authority to reschedule / cancel classes
- Authorize Academic Operator
- Calendar view of all batches
- Override Access Control

7. Parent Meeting Module

- Schedule Parent Meetings
- Meeting Logs

- Parent Feedback Entry
- Complaint Tracking
- Notification System

8. Accounts Monitoring

- Complete Accounts Overview
- Cash Flow Statement
- Batch-wise P&L
- Revenue vs Expense Reports
- Expense Summary
- Net Profit Margin
- Payment Gateway Reports

B) SALES & MARKETING GM

Need a complete CRM Module:

1. Lead Management

- Lead Management System
- Lead Source Tracking (Meta Ads, Google, Referrals, Website)
- Region Tagging
- Auto Lead Capture via API
- Lead Status Tracking:
    - New
    - Contacted
    - Demo Scheduled
    - Converted
    - Not Interested
    - Follow-up Required

2. Call Monitoring

- Call Logs
- Call Duration
- Call Recording Storage
- Follow-up Reminders
- Auto Task Assignment

3. Sales Performance

- Executive-wise Target
- Sales Executive Performance Dashboard
- Conversion %
- Daily Activity Report
- Funnel Report

4. Demo Management

- Demo Class Scheduling
- Demo Feedback
- Demo Conversion Tracking

C) ACADEMIC OPERATOR

Manage academic planning & execution.

1. Batch Creation

- Create Batch
- Assign Teacher
- Assign Batch Coordinator
- Assign Students
- Batch Capacity Monitoring

2. Curriculum & Syllabus Management

- Upload Syllabus
- Upload Lesson Plans
- Academic Calendar
- Curriculum Tracking

3. Class Scheduling

- Automated Scheduling
- Time Zone Support (GCC Time)
- Class Rescheduling
- Substitution Management

4. Attendance System

- Student Attendance
- Teacher Attendance
- Auto Absence Alert to Parents

5. Academic Tracking

- Homework Upload
- Test Scheduling
- Marks Entry
- Progress Report Generation

D) ACCOUNTS MODULE

Complete Financial Management System.

1. Fees Management

- Student-wise Fee Structure
- Batch-wise Fee Structure
- One-to-One Custom Pricing
- Instalment Setup
- Discount Approval System
- Scholarship Entry

2. Payment Tracking

- Online Payment Gateway Integration
- Payment Receipt Generation
- Pending Fees List
- Auto Reminder (WhatsApp/Email/SMS)
- Overdue Report

- Multi-Currency Support (AED, QAR, SAR, etc.)

3. Expense Management

- Expense Entry
- Category-wise Expense
- Recurring Expense Setup
- Region-wise Expense

4. Payroll System

- Salary Structure
- LOP Calculation
- Teacher Payment (Per Hour / Fixed)
- Incentive Calculation
- Payslip Generation

5. Financial Reports

- Batch-wise P&L
- Teacher-wise Cost Analysis
- Region-wise Profitability
- Annual Financial Statement
- GST / VAT Reporting (if applicable in GCC region)

E) HR ASSOCIATE

Complete HR Management Module.

1. Employee Database

- Profile Management
- Documents Upload
- Contract Details

2. Attendance & Working Hours

- Login/Logout Tracking
- Work Hour Monitoring
- Overtime Calculation

3. Leave Management

- Leave Application
- Leave Approval
- Leave Balance

4. LOP Preparation

- Automatic LOP Based on Attendance
- Salary Adjustment

5. Performance Management

- Monthly Evaluation
- KPI Tracking
- Warning / Appreciation Log

F) MEDIA TEAM

(Important – Often Forgotten)

- Content Planning Dashboard
- Social Media Calendar
- Content Upload & Approval Workflow
- API Integration to CRM
- Video Content Library
- Advertisement Budget Tracking
- Automation Tools Integration
- Campaign Performance Dashboard
- Lead Source Tracking
- Creative Performance Tracking
- Social Media Reporting

G) SALES EXECUTIVES

Objective:

Lead Conversion & Demo Management.

Required Features:

- Lead Dashboard
- Follow-up Reminder System
- Demo Class Scheduling
- Call Logs & Notes
- Conversion Status Update
- Daily Call Report Submission
- Target Tracking
- Performance Monitoring

H) BATCH COORDINATOR

Objective:

Operational Academic Monitoring.

Required Features:

- Daily & Weekly Class Scheduling
- Exam Scheduling
- Attendance Monitoring
- Homework Tracking
- Student Leave Management
- Parent Communication Module
- Announcement System
- Retention Monitoring
- Performance Tracking
- Complaint & Issue Tracking
- Student Progress Reports
- Class Recording Management

- Batch Rescheduling
- Feedback Collection System

I) TEACHERS

Objective:

Academic Delivery & Student Performance.

Required Features:

- Class Conducting (Live Class Integration – Zoom/Google Meet API)
- Attendance Marking
- Lesson Planning Module
- Homework Assignment Upload
- Exam Creation & Conduct
- Exam Mark Entry
- Doubt Clearing Tracker
- Student Performance Reports
- Teaching Material Upload
- Class Recording Upload
- Academic Instructions Panel
- Salary View (Optional Controlled Access)

---

3. STUDENT MODULE – DETAILED SCOPE

Objective:

To provide a structured, engaging, transparent, and performance-driven digital learning experience for students in the Online Segment.

---

1) EXAM MANAGEMENT SYSTEM

a) Exam Through Software

- Exams conducted directly inside the platform.
- Secure student login authentication.
- Scheduled exams (date & time based).
- Auto-start & auto-submit based on timer.
- Question randomization.
- Anti-cheating controls (optional future feature).
- Re-exam / Retest option (if authorized).
- Exam instructions panel before starting.

---

b) MCQ Exams

- Multiple Choice Question format.
- Subject-wise Question Bank.

- Chapter-wise tagging.
- Difficulty level tagging (Easy / Medium / Hard).
- Random question selection.
- Negative marking option (if required).
- Auto-evaluation after submission.

---

c) Automated Exam Results

- Instant result generation for objective exams.
- Marks calculation automation.
- Percentage & grade calculation.
- Batch ranking display.
- Accuracy analysis.
- Chapter-wise performance analysis.
- Comparison with previous exam.

---

d) Digital Mark List

- Auto-generated mark list.
- Available immediately after result declaration.
- Downloadable as PDF.
- Includes:
    - Student Name
    - Subject
    - Marks Obtained
    - Total Marks
    - Percentage
    - Grade
    - Rank (Optional)
    - Teacher Remarks
- Accessible by Student & Parent.

---

2) CLASS FEEDBACK SYSTEM

a) Class Rating System

After each class, students can:

- Rate class (1–5 stars).
- Rate teaching clarity.
- Rate doubt-clearing effectiveness.
- Rate engagement level.
- Provide optional written feedback.

Management view:

- Teacher-wise average rating.
- Batch-wise feedback summary.
- Monthly teacher performance report.

---

b) Inappropriate Event Reporting (Flag System)

Students can confidentially:

- Raise a complaint about any misconduct.
- Report inappropriate behavior.
- Report technical issues.
- Flag teaching quality concerns.

Features:

- Category selection.
- Anonymous reporting option (if required).
- Ticket number generation.
- Status tracking (Open / Under Review / Resolved).
- Escalation system to Academic Operator / HR / Owners.

---

3) REPORT CARD SYSTEM

a) Latest Exam Report Card

- Detailed report of recent exam.
- Subject-wise marks.
- Percentage.
- Rank.
- Teacher comments.
- Performance graph.

---

b) Overall Academic Report Card

- Cumulative performance summary.
- Term-wise / Month-wise report.
- Subject comparison chart.
- Improvement trend graph.
- Attendance percentage included.

---

c) Strength & Weakness Analysis

System-generated analytics:

- Strong subjects (Green indicator).
- Average subjects (Yellow indicator).
- Weak subjects (Red indicator).
- Weak chapters identification.
- Suggested improvement areas.
- Recommended revision topics.

---

4) ADDITIONAL STUDENT FEATURES (RECOMMENDED)

To make your Online GCC Segment strong and competitive:

A) STUDENT DASHBOARD

Personalized dashboard showing:

- Upcoming Classes
- Today's Class Link
- Attendance %
- Homework Status
- Upcoming Exams
- Recent Results
- Performance Graph
- Fee Status
- Announcements
- Feedback Submitted

B) ATTENDANCE MANAGEMENT

- Auto attendance marking (when joining live class).
- Manual attendance marking by teacher.
- Attendance percentage tracker.
- Alert for low attendance.

C) HOMEWORK & ASSIGNMENT MANAGEMENT

- Homework upload by teacher.
- Submission upload by student.
- Deadline tracking.
- Late submission alert.
- Homework grading.
- Teacher comments.

D) DOUBT CLEARING SYSTEM

- Raise doubt option.
- Subject-wise doubt submission.
- File upload option.
- Doubt resolution tracking.
- Live doubt clearing session scheduling.

E) CLASS RECORDINGS ACCESS

- Access to recorded sessions (if allowed).
- Replay option.
- Limited access period (configurable).

F) STUDENT ANNOUNCEMENT PANEL

- Academic announcements.
- Exam notifications.

- Holiday notifications.
- Emergency alerts.

G) GAMIFICATION (Retention Feature – Optional)

- Achievement badges.
- Top performer recognition.
- Leaderboard.
- Attendance awards.
- Exam topper highlight.

H) STUDENT LEAVE MANAGEMENT

- Leave request submission.
- Approval workflow.
- Leave history tracking.

I) STUDENT PERFORMANCE ALERTS

Automated alerts if:

- Marks drop significantly.
- Attendance falls below threshold.
- Homework repeatedly not submitted.
- Performance improvement milestone achieved.

J) PERSONAL PROFILE MANAGEMENT

- Student profile update.
- Time zone setting (important for GCC).
- Parent contact details.
- Password reset & security settings.

---

5) SECURITY & DATA PROTECTION

- Secure login authentication.
- Role-based access control.
- Data privacy compliance.
- Activity logs.
- Secure exam environment.

FINAL OBJECTIVE OF STUDENT MODULE

The Student Module must:

- Ensure structured learning
- Improve academic performance

- Increase engagement
- Build accountability
- Enhance retention in GCC Online Market
- Provide transparency to parents
- Maintain academic quality control

4. PARENT MODULE – DETAILED SCOPE

Objective:

To provide complete transparency, structured communication, and active parental involvement in the student's academic journey.

---

1) PARENT DASHBOARD

Each parent must have a secure login linked to their child's profile.

Dashboard Overview Should Include:

- Student Attendance Summary (%)
- Upcoming Classes
- Completed Classes
- Homework Status
- Upcoming Exams
- Latest Exam Results
- Overall Academic Performance Graph
- Fee Status (Paid / Pending / Due Date)
- Announcements from Institute
- Scheduled Parent-Teacher Meetings

If parent has multiple children:

- Multi-child dashboard view
- Switch option between student profiles

---

2) REPORT ACCESS

Parents must have full access to:

a) Academic Reports

- Latest Exam Mark List
- Cumulative Report Card
- Subject-wise Performance
- Strength & Weak Area Analysis
- Teacher Remarks
- Progress Comparison (Previous vs Current Performance)

b) Attendance Reports

- Daily Attendance
- Monthly Attendance Report
- Leave Records

c) Homework Tracking

- Homework Assigned
- Homework Submission Status
- Pending Homework Alerts

All reports should be:

- Downloadable (PDF format)
- Shareable via Email
- Archived for future reference

---

3) COMPLAINT & GRIEVANCE SYSTEM

a) Complaint Raising Feature

Parents should be able to raise complaints regarding:

- Teaching Quality
- Teacher Conduct
- Class Timing Issues
- Academic Concerns
- Technical Issues
- Fee-related Issues
- Any Misconduct

Features Required:

- Complaint category selection
- Priority marking (Low / Medium / High)
- File upload (optional)
- Ticket number generation
- Status tracking (Open / Under Review / Resolved)
- Escalation matrix (if not resolved within set time)

Notification flow:

- Academic Operator
- HR (if teacher-related)
- Accounts (if fee-related)
- Owners (if high priority)

---

4) CLASS SUGGESTION SYSTEM

Parents should be able to submit suggestions such as:

- Request for extra classes
- Change of batch timing
- Suggest improvement areas
- Request revision sessions
- Request one-to-one support
- Suggest syllabus improvements

Features:

- Suggestion form submission
- Track response status
- Feedback from management

---

5) PARENT-TEACHER MEETING (PTM) MODULE

- Online meeting scheduling
- Time slot booking
- Automated reminders
- Meeting history log
- Action points recording

Integration with:

- Zoom / Google Meet
- Calendar sync option

---

6) COMMUNICATION MODULE

Parents should receive:

- Automated Fee Reminders
- Exam Notifications
- Homework Alerts
- Performance Alerts
- Attendance Alerts
- Announcement Notifications

Channels:

- In-App Notification
- Email
- WhatsApp Integration
- SMS (Optional)

---

7) FEEDBACK & RATING SYSTEM

Parents can:

- Rate overall academic performance
- Rate teacher professionalism
- Provide monthly feedback
- Participate in satisfaction surveys

Management dashboard should include:

- Parent satisfaction index
- Teacher rating analytics
- Batch-wise satisfaction reports

---

8) SAFETY & TRANSPARENCY FEATURES

- Access to class recordings (if allowed)
- View complaint resolution history
- Secure data privacy
- Role-based access
- Activity log tracking

---

9) PAYMENT & FINANCIAL VIEW

Parents should be able to:

- View Fee Structure
- View Payment History
- Download Receipts
- Make Online Payments (Multi-Currency for GCC)
- Auto-generated invoices
- EMI / Instalment Tracking (if applicable)

---

10) RETENTION & ENGAGEMENT FEATURES (Recommended)

To improve retention in GCC Online Segment:

- Student Performance Alert to Parents (if marks drop)
- Attendance Alert if student misses consecutive classes
- Birthday / Achievement Notifications
- Reward Points / Achievement Badges
- Referral Program Integration

SUMMARY – PARENT MODULE OBJECTIVE

The Parent Module must:

- Ensure 100% transparency
- Improve trust in Online Segment
- Increase student retention
- Reduce complaints through structured communication
- Strengthen parent engagement

5. ADVANCED OPERATIONAL & CONTROL FEATURES

---

1) Class Link Generation & Distribution (Internal System-Based)

Objective:

All live class links must be generated and distributed only through your software.

Required Features:

- Automatic class link generation during scheduling.
- Zoom / Google Meet API integration.

- Unique link per batch/session.
- Link visible only to assigned:
    - Students
    - Teachers
    - Batch Coordinator
- No manual sharing of links.
- Auto-notification:
    - 30 mins before class
    - 5 mins before class
- One-click join from dashboard & mobile app.
- Access restriction (Only logged-in users can join).

---

2) Fixed Class Duration Monitoring & Early Exit Reporting

Objective:

Strict control over class timing for quality assurance.

Required Features:

- Fixed class duration setup (e.g., 60 mins / 90 mins).
- Auto tracking of:
    - Teacher join time
    - Student join time
    - Exit time
- If Teacher leaves before scheduled end:
    - Automatic alert to Batch Coordinator.
    - Report entry created.
- If Student leaves early:
    - Alert to Parent.
    - Alert to Batch Coordinator.
- Auto-generated reports:
    - Class Duration Compliance Report
    - Teacher Punctuality Report
    - Student Attendance Duration Report
- Monthly performance summary.

---

3) Controlled Visibility in Batch Classes

Applicable for:

- One-to-Five
- One-to-Many batches

Rules:

- Teacher can see all students.
- Students can see only:
    - Teacher video.
- Students cannot see:
    - Other students.
    - Student contact details.
- Optional chat moderation.
- Private chat disabled between students.

Purpose:

- Maintain discipline.
- Protect student privacy.
- Avoid distraction.

---

4) Contact Confidentiality & Communication Restriction

Objective:

Protect student & parent data privacy.

Required Controls:

- Only Batch Coordinator can access:
  - Student contact numbers.
  - Parent contact details.
- Teachers cannot:
  - View contact lists.
  - Download contact data.
- Last official communication must go through:
  - Batch Coordinator.
- Communication logs must be stored.
- No direct teacher-parent communication outside system.
- Full communication audit trail.

---

5) Teacher Working Hour Availability Monitoring

Objective:

Ensure teachers are available during working hours.

Required Features:

- Teacher login attendance tracking.
- Working hours configuration.
- Online status indicator.
- Idle time monitoring.
- Late login report.
- Working hours summary:
  - Daily
  - Weekly
  - Monthly
- Integration with HR for payroll & LOP calculation.

---

6) Senior Staff Monitoring Mode (Whisper / Silent Entry Mode)

Objective:

Academic quality monitoring without disturbing class flow.

Required Features:

- Batch Coordinators / Senior Faculty can:
  - Enter class silently.
  - Not visible to students.

- Students cannot:
    - Hear or see monitoring staff.
- Monitoring staff can:
    - Privately communicate with teacher.
- Optional feature:
    - Senior staff can temporarily speak to students if required.
- Monitoring session logs stored.
- Class evaluation notes submission option.

This ensures:

- Academic quality control
- Teacher performance monitoring
- Real-time correction without disruption

---

7) Mobile Application Access

Required Apps:

- Student App
- Parent App
- Teacher App
- Admin App

Features:

- Class join
- Attendance
- Homework
- Exam access
- Notifications
- Fee tracking
- Reports
- Complaint submission

Platform:

- Android
- iOS

---

8) Zoom / Google Meet Integration

- Official API integration.
- Auto meeting creation.
- Attendance sync.
- Duration sync.
- Recording auto capture.
- Secure login-based access.

---

9) Recording Storage & Access Control

Required Features:

- Auto recording of classes.
- Cloud storage.
- Batch-wise storage folder.
- Access control:
    - Student can view only their batch recordings.
    - Expiry period setting (e.g., 7 days / 30 days).
- Download restriction option.
- Storage usage monitoring.
- Recording view tracking.

---

10) Audit Log System

Objective:

Full transparency & accountability.

System Must Log:

- Login / Logout
- Data modification
- Fee edits
- Attendance edits
- Exam result changes
- Communication logs
- Complaint handling
- Refund approvals

Access:

- Only Owners & Super Admin.

---

11) Refund Management System

Required Features:

- Refund request submission.
- Approval workflow:
    - Batch Coordinator → Accounts → Owner.
- Refund reason entry.
- Partial / Full refund option.
- Refund analytics report.
- Refund impact on batch P&L.
- Refund status tracking.
- Automated receipt generation.

---

12) WhatsApp Integration

Required Capabilities:

- Class reminders.
- Fee reminders.
- Exam notifications.
- Homework alerts.

- Complaint updates.
- Payment confirmation.
- Bulk announcement messaging.
- Two-way communication logging.

All WhatsApp communications must:

- Be logged in system.
- Linked to student profile.

---

13) Drop-Out Reason Analytics

Objective:

Improve retention & strategic planning.

Required Features:

When student discontinues:

- Mandatory drop-out reason selection:
  - Financial
  - Academic difficulty
  - Teacher issue
  - Timing issue
  - Relocation
  - Completed course
  - Other (custom entry)
- Optional feedback comment.
- Drop-out analytics dashboard:
  - Region-wise drop rate
  - Teacher-wise drop rate
  - Batch-wise drop rate
  - Reason percentage distribution
- Monthly retention report.
- Early warning system for at-risk students.

---

6. REPORTING REQUIREMENTS – DETAILED SCOPE

Objective:

The software must generate real-time, automated, exportable reports to support strategic decisions, operational control, academic monitoring, and financial planning.

All reports must be:

- Dashboard view enabled
- Downloadable (PDF / Excel)
- Filterable (Date / Region / Batch / Teacher / Category)
- Auto-schedulable via Email / WhatsApp
- Accessible based on role permissions

---

1 DAILY BUSINESS REPORT (DBR)

Purpose:

To give Owners & Management a snapshot of daily performance.

Must Include:

- Total Leads Received (Today)
- Leads Contacted
- Demos Scheduled
- Conversions (Admissions Done)
- Drop-outs (if any)
- Fees Collected Today
- Outstanding Payments Reminder Sent
- Classes Conducted Today
- Teacher Attendance
- Student Attendance %
- Complaints Raised & Resolved
- Refund Requests (if any)

Optional:

- Daily Revenue Summary
- Daily Engagement Score

---

2 WEEKLY SALES REPORT

Must Include:

- Total Leads Received (Week)
- Lead Source Breakdown
- Conversion Rate (%)
- Demo to Admission Ratio
- Sales Executive-wise Performance
- Target vs Achievement
- Region-wise Admissions
- Follow-up Pending List
- Cost per Lead (if marketing integrated)
- Campaign Performance Summary

Charts Required:

- Conversion Funnel
- Region Comparison
- Sales Growth Trend

---

3 MONTHLY ACADEMIC REPORT

Must Include:

- Total Classes Conducted
- Class Completion %
- Teacher Punctuality %
- Average Class Rating

- Student Attendance %
- Homework Submission Rate
- Exam Conducted
- Average Batch Performance
- Drop-out Count
- Re-scheduled Classes
- Monitoring Observations (Senior Faculty)

Analytics:

- Weak Subject Trend
- High Performing Batches
- Low Performing Batches

---

4 MONTHLY REVENUE REPORT

Must Include:

- Total Revenue Collected
- Expected Revenue
- Outstanding Fees
- Collection Efficiency %
- Refund Issued
- Net Revenue
- Expense Summary
- Salary Paid
- Marketing Expense
- Net Profit / Loss

Breakdown:

- Region-wise Revenue
- Batch-wise Revenue
- Category-wise Revenue (One-to-One / One-to-Five etc.)

Charts:

- Revenue Growth Trend
- Expense vs Revenue Graph

---

5 TEACHER PERFORMANCE REPORT

Must Include:

- Total Classes Taken
- Class Duration Compliance %
- Punctuality %
- Student Attendance %
- Student Feedback Rating
- Homework Evaluation Timeliness
- Exam Result Performance
- Batch Retention Rate
- Drop-out Rate per Teacher
- Monitoring Feedback Score

This report must support:

- Monthly appraisal
- Incentive calculation
- Warning tracking

---

6 STUDENT PROGRESS REPORT

Must Include:

- Attendance %
- Homework Submission %
- Latest Exam Score
- Average Score
- Rank Trend
- Strength & Weak Area
- Teacher Remarks
- Performance Comparison Graph
- Improvement / Decline Indicator

Automated Alert if:

- Marks drop significantly
- Attendance below threshold
- Repeated homework failure

---

7 REGION-WISE GROWTH REPORT (Important for GCC Expansion)

Must Include:

- Student Count per Region
- Revenue per Region
- Conversion Rate per Region
- Drop-out Rate per Region
- Growth % Month-on-Month
- Marketing ROI per Region
- Teacher Allocation per Region
- Profitability per Region

Regions Example:

- Dubai
- Abu Dhabi
- Qatar
- Oman
- Saudi Arabia
- Kuwait
- Bahrain

---

8 Drop-out & Retention Report

- Total Drop-outs

- Reason Distribution %
- Batch-wise Drop Rate
- Teacher-wise Drop Rate
- Retention Ratio
- At-risk Students List

---

9 Complaint & Resolution Report

- Total Complaints Raised
- Category-wise Complaints
- Resolution Time
- Escalated Cases
- Repeated Complaints
- Satisfaction after resolution

---

10 Batch Profitability Report

- Revenue per Batch
- Teacher Cost per Batch
- Operational Expense per Batch
- Net Profit per Batch

---

11 Refund Analytics Report

- Total Refund Requests
- Approved / Rejected
- Refund % of Revenue
- Refund Reason Distribution

---

12 HR & Working Hours Report

- Teacher Working Hours
- Late Login %
- Idle Time %
- Leave Summary
- LOP Summary

---

13 Communication Report

- WhatsApp Messages Sent
- Email Sent
- SMS Sent
- Response Rate
- Unread Notifications

---

14 System Usage Report

- Login Frequency
- App Usage Statistics
- Recording Views
- Platform Engagement Score

REPORT AUTOMATION FEATURES

Software must allow:

- Custom Report Builder
- Schedule report (Daily / Weekly / Monthly auto-mail)
- Role-based report access
- Dashboard Graphical View
- Historical data comparison
- Export to Excel / PDF
- Cloud backup of reports

---

7. CONCLUSION

The above detailed scope defines a comprehensive, centralized, and scalable Online Tuition Management System designed specifically for expansion into the GCC market.

This software is not merely a class management tool, but a complete operational ecosystem that integrates:

- Strategic Owner-Level Monitoring
- Advanced CRM & Sales Automation
- Structured Academic Planning & Delivery
- Transparent Parent Engagement System
- Performance-Driven Student Module
- Financial & Profitability Control
- HR & Staff Performance Monitoring
- Data Privacy & Security Controls
- Advanced Reporting & Analytics
- Retention & Drop-out Intelligence

The system is designed to ensure:

- Full operational transparency
- Strict academic quality control
- Data-driven decision making
- Revenue tracking & profitability monitoring
- Strong parent trust and engagement
- Teacher accountability
- Student performance improvement
- High retention rate in the GCC segment
- Scalability for future expansion

By implementing this structured digital ecosystem, the Online Segment will operate with centralized control, reduced operational dependency, measurable performance indicators, and automated workflows.

This platform must function as a **complete Education ERP for the Online Division**, ensuring efficiency, compliance, quality assurance, and sustainable business growth.
